Good morning Welcome to all Members and new Members, and I hope you are all enjoying the lessons and managing to benefit from the lessons to improve your skills on your computer We had our second General meeting and the Guest speaker was Christopher Lee from Telstra at Woy Woy with some good advice on keeping our computers safe and offering a monthly maintenance service for a cost of \$15 a month for 12 months.

Many thanks for the support of all the members who have renewed their membership paid their annual renewal fees ,and the new members who have joined the club paying their joining fees to attend the classes provided by the club and to the volunteer trainers who help you improve your computing after the four or eight week basic classes,

I would like to encourage you to continue on to a more Advanced class , or move to any of the other subjects to see how exciting it can be to find out what you are missing.

The fees you have paid are for membership of the club for the whole financial year. Not just for The 4or 8 weeks class you originally started with.

So please select from the many subjects available From the timetables and put your name on the list for attending your next chosen Subject , Date and Time

The club will not be able to survive financially if we do not get a bigger attendance to the classes Available

ALL THE CLASSES FOR THE REMAINDER OF THE SERIES THREE TIMETABLE HAVE ROOM FOR MORE STUDENTS

Except The Monday am Class

AND ALL THE CLASSES IN SERIES FOUR ALSO HAVE ROOM FOR MORE STUDENTS

Go to our website and open the Notice Board you will find a description of all the subjects offere And if you have any suggestions of an alternative subject class and we can get the support of members we will find a Trainer Available to who Can Do IT

ALL THIS INFIRMATION IS AVAILABLE IN THE CLUB ROOM .OR ON OUR WEBSITE ON SCCCC.ORG.AU

A reminder I will be resigning from being the President of the club at the AGM in September, and any nominations will be readily considered by the committee

We are looking for more Trainers, and Helpers that can demonstrate programs From notes, for screen Presentations, to be able to have more Subjects

The ASCCA 18th Computer Conference for Seniors is on the 8th and 9th of November 2016 at the Rydges World Square Hotel Sydney Check for more details at www.ascca.org.au

Enjoy your Computing

David

Your President
