## ***Newsletter: March, 2017***

Welcome to the March Newsletter with apologies for its lateness.

Term one has almost concluded with only two weeks to go.

The timetable for term two, with the subjects we are presenting, is attached but is also on our website and blog, so it is time to consider the subjects you would like to do and let me know via the club phone number and leave a clear message, email or the blog using the 'contact us' area indicating your subject preference. Ipad commencing on Wednesday, 12<sup>th</sup> April, 2017 is full so if any more names are provided, they will have to go on a reserve list so if there are any 'drop-outs' names can be included for term two otherwise they will go onto the list for term three. There are places available in term two for Introduction to Computing W10 Monday am, Apple/Mac pm, Help by Syd Tuesday pm, Excel Wednesday am, , Basic W10 Thursday am, Beginners Word Thursday pm, Advanced Word Friday am and Publisher Friday pm.

Don't forget the \$5 sausage sizzle we are presenting on Wednesday 5<sup>th</sup> April, 2017, on Kincumba Mountain, numbers are slowly coming in so if you would like to attend this function please contact the club as indicated above indicating 'Sausage Sizzle' in your message and your name will be included on the list, payment and final numbers required by Friday 24<sup>th</sup> March, 2017 so we can arrange for catering. This is a new initiative by your Club as a get-together to meet other Members with like interests and have a good 'chin wag'. If any member would like to attend this function and would like transport up the mountain from the Kincumber Neighbourhood Centre, please indicate same when advising us of your intentions. Please be at the Centre by 11.15am.

From the beginning of term two i.e. Monday 10<sup>th</sup> April, 2017, there is a change in the way 'class notes' will be distributed. The Trainer will send everyone who has an email address a file for each member to print off, approximately two to three days prior to the class for you to print if you have a printer and bring them with you to class. Those who do not have an email address or printer can have the notes downloaded from a USB to your Laptop/Ipad otherwise if anyone does not have a printer and a hard copy is required, they can be supplied by the Club at 30cents per double sided sheet or 20cent for a single sheet.

A reminder also that the first General Meeting for the year is on Monday, 6<sup>th</sup> April, 2017 commencing at 10.30am in the Workshop at the Kincumber Neighbour Centre. The Guest Speaker for this meeting is Jorge Chavez AO, Chiropractor who will speak on "How General Health is affected by Spinal Health starting at the 'Atlas'". This should be an interesting talk and I encourage as many as possible to attend.

Happy Byting,  
Ken.
